**CARPET

FLOOR & HOME

A NEW WORLD OF OPTIONS

You've always wanted a gorgeous natural wood floor in your dining room or a classic limestone floor in your kitchen but are hesitant about the care and cost. We have a solution for you: Carpet One® Floor & Home laminate flooring. Whether creating great style for your first home or for renovating an older one, laminates open a new world of options for you.

Your life is busy and your time is valuable. That's why our incredibly durable laminate flooring is created using layering technology with a tough, factory-applied outer coating that resists stains and spills. It's easy to clean. And with new advances in texturing, laminates finish your room with the fresh, expressive look you're after at a fraction of the cost.

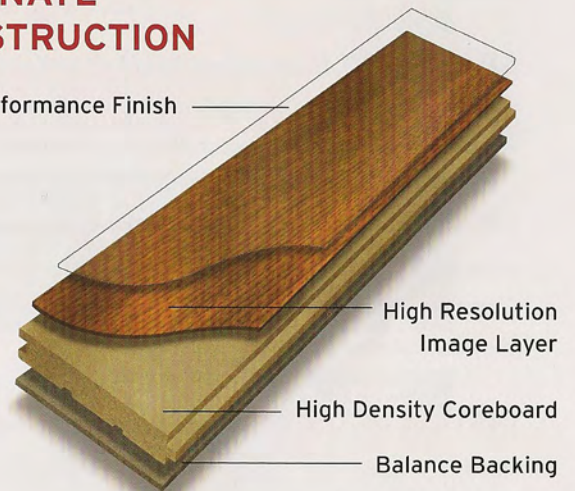

As handsome as planks of natural wood but without the upkeep, as solid as tiles of limestone but with a softer step, laminates have become a designer's tool and a homeowner's dream. They can even be installed over most existing floors.

WHY CHOOSE LAMINATE?

- EXCEPTIONALLY DURABLE
- EASY TO CLEAN AND MAINTAIN
- SUPERIOR STAIN RESISTANCE
- CAN BE INSTALLED ON ALL GRADE LEVELS, EVEN BELOW GRADE
